I expected to get help with doing deals and learn more on how. Doing hands on training would have been nice. Day 3 everyone use Orange list and Phase 1 put in deal desk, call for buyers and all other process to get experience 1st hand just in case we had questions.

The presenter did an excellent job in presenting the possibilities. I am skeptical about how one can actualize the process without spending money and not getting needed support - I have had negative experiences with another cooperation - yet I believe that real estate is a good field but honesty + support is key to success.

*and specifics on what I mentioned below but the other "take away" was very useful. I answered so to me this answer is subjective.*

## Additional Comments:

*I am ~~now~~ completing my 3rd day as I write this so I feel this class gave me great "nuggets" of information that I can use. I am a commercial real estate agent looking to learn*

#### Additional Comments:

wholesaling and tax lien certificates. These two types of strategies are difficult so I need the resources aff/a funding /deal desk to find them and make deals. I have somewhat of an infrastructure via a vco partners to invest, attorneys, cpa, etc... If I am provided with what is included in the initial training package I am pretty sure I can achieve results I am determined to gain.

Thank you for the added "take away" I received over these past 3 days. Circumstances which I am responsible for "because I can't say no" to family have left me without the "lazy money" I need to invest in the training right now but I see value in a lot of it. I would consider taking the training at a later time (6 months from now) and repair my credit / fix score to open my available credit lines and increase them. I have appx. \$50,000 in "lazy money" coming and will do the above as I can "make it happen." I also want to

Best,  
Lisa

give a 5 star to my Team leader Rob who really took the time to "consult" with me and not just "sell" to me.

Additional Comments:

Your self help annoyed most folks and was a turn off. Mindset is important and should be discussed. People need to decide to make the change not be forced into it.

Statements by Mike like "I will call you out" is what bullies do.

Sound - you need to invest in better speakers by having 2 small ones they are loud and tinny. Done properly you will sound better and not kill people sitting up front.

Kellie saved this sale for your company after Mike killed it. As such really not sure how to rate staff as clearly some is good + others not.

No music/videos on while we are doing activities. It distracts focus.

I WAS HOOKED AND EAGER TO LEARN AFTER THE 1ST DAY.

Additional Comments:

I HAVE DYSLEXIA AND FIND IT EXHAUSTING TO LEARN. <sup>+ FRIGHTENING</sup>  
BUT I FOUND THE WAY JUDY TEACHES TO REALLY  
HIT HOME FOR ME; EASY TO UNDERSTAND.  
I HOPE THE REMAINDER OF MY EDUCATION WILL  
ALSO BE AS COMFORTABLE.

I READ REVIEWS THAT STATED THAT THE 3 DAY CLASSES  
WOULD BE "OVER MY HEAD" UNLESS I HAD A BACK-  
GROUND IN FINANCE. I DON'T KNOW WHO THAT  
PERSON WAS OR WHO TAUGHT THE CLASS - BUT I  
WAS A NURSE FOR 30 YEARS. - NO BACKGROUND IN  
ANYTHING REMOTELY CONNECTED TO FINANCE. I WAS  
ABLE TO GRASP THE CONCEPTS AND REPEAT THEM  
TO MYSELF CORRECTLY.

Additional Comments:

Teaching when all of us are not the same page. Make sure everyone in the class understands what you're saying. Slow down a little bit.

The charts & graphs are very complicated. Kindly slow down, where everyone gets it, understands how the numbers come up. English is not the first language, so try to make sure we are all on the same page. The class is good and we sacrifice so much to be able to attend the classes. She did a good job for those who are familiar with what she's saying. Some of us, it's the first time to hear trade language. By doing so, everyone will be quick to come to the next class.

We were pleasantly surprised by the information provided  
especially after been very disappointed with the Real Estate Class  
content. This class exceed our expectations and the Instructor/Speaker  
which was basically a infomercial.

Additional Comments:

Furthermore, the attention shown to those individuals that bought into the next level of education was quite obvious by the team. However, Mark Broberg went around the room and greeted everyone that remained in the room.

Be conscientious of that fact because everyone matters not just those that buy into the service at the time.

valuable. I am in a position financially where I know that I am unable to participate at the high level presented. I am okay with that and am working to change our circumstances and I ~~was~~ am making progress in that regard and I will not quit until that happens. I did feel uncomfortable when I had questions, and felt that my trainer became extremely defensive very quickly and rather than trying to find a solution told me to just get my money back and leave. I left the room for 5 minutes and returned. Had I not spoken to Dens at that time and felt that my questions were actually being addressed, rather than summarily dismissed, I would have asked for my money back and left. I point this out because I see it as an opportunity for improvement. I realize folks can be negative, but sometimes someone has a legitimate question that just needs to be addressed. Thank you.

Additional Comments:

Please provide 100% full description of what a student receives from each section of education that costs thousands of dollars before putting us in front of a consultant that dives right in to telling you to max out credit cards or home equity without so much as an introduction.

I did immensely enjoy the education over the 3 days but found it very clear that I could not move forward doing any of those deals without moving forward without paying \$30,000 or more.

Even in the last hour of the last day, ~~I~~ my mentor was still not available to discuss whether I qualified for the interest free credit cards.

Thank you for the go out Training through my first 3 days. I hope I will be able to move forward to the next stage of my career

with no bearing on the class material.
